		hrs over 35 weeks		
Socioeconomics of rural livelihoods	Distance Learning for Development, London International Development Centre (DL4D) This course is about understanding the livelihoods of rural people, particularly poorer rural people who live in poorer rural areas. It examines what is meant by rural and peasant livelihoods. We use insights from economic and other social theory to analyse different aspects of these livelihoods, with the overriding aim of developing understanding of the situations that peasants and other poor people face, and the reasons they behave as they do.	Postgraduate distance courses. This site has information on over 140 short courses available to study at a distance. Delivery Mechanisms: Print; CD-Rom; Online Discussion. 240 hrs over 35 weeks	£960	http://www.dl4d.ac.uk Email:dl4d@lidc.bloomsbury.ac.uk
Introduction to health economics	Distance Learning for Development, London International Development Centre (DL4D) This course introduces the scope and contribution of health economics. The concepts of supply and demand and their interaction in markets is discussed before exploring the relevance of markets to the provision of health care and the promotion of good health. Ways of financing health services and paying providers are described, thereafter economic evaluation (cost-effectiveness and cost-benefit analysis) are explained and their potential application in health care decision making is explored.	Postgraduate distance courses. This site has information on over 140 short courses available to study at a distance. Delivery Mechanisms: Print. 100 hrs over 35 weeks	£1265	http://www.dl4d.ac.uk Email:dl4d@lidc.bloomsbury.ac.uk
